

# MAR ACTIVITY DATA 2025

## ROMANIA

MAR PARTNER ACTIVITIES	Treatment type			UNITS/EXPLANATIONS
	IUI	IVF/ICSI	Frozen/cryo embryo transfers (FET)	
N° of couples treated	1,793	7,171	6,981	# of couples that had at least one treatment cycle initiated
N° of initiated treatment cycles	2,389	9,001	8,775	# of cycles, stimulated or non-stimulated

PARTNER GAMETES/EMBRYOS	Numbers	UNITS/EXPLANATIONS
N° of oocyte retrievals	8,523	# of procedures
N° of oocytes retrieved	78,288	# of oocytes retrieved in total
N° of oocytes cryopreserved	3,377	# oocytes cryopreserved in total
N° of sperm collections	12,808	# of collections, regardless of the method used
N° of sperm units cryopreserved	1,741	# of straws/vials
N° of embryos cryopreserved	22,252	# of individual embryos
N° of embryo transfers (ET) (fresh or cryo)	9,970	# of procedures, regardless of the number of embryos transferred
N° of embryos transferred (fresh or cryo)	11,748	# of embryos

DISTRIBUTION AND EXCHANGE (ACCESS TO CARE)	TRANSPORT/DISTRIBUTION				UNITS/EXPLANATIONS
	From another EU countries	To another EU countries	From non-EU countries	To non-EU countries	
# of partner gametes/embryos					
N° of oocytes	579	58	18	0	# individual oocytes
N° of sperm units	95	37	4	29	# of straws/vials
N° of embryos	80	22	9	21	# individual embryos
N° of ovarian tissues	0	0	0	0	# vials/containers
N° of testicular tissues	0	0	0	0	# vials/containers

DELIVERIES AND LIVE BORN CHILDREN (during the reporting year)	Treatment type		UNITS/EXPLANATIONS
	IUI	IVF/ICSI (fresh or cryo)	
N° of deliveries	171	2,617	# of deliveries, regardless of the number of children born (including stillborn)
N° of live born children	162	2,575	# of infants with any signs of life

NON-PARTNER GAMETES/EMBRYOS	Numbers	UNITS/EXPLANATIONS
N° of oocyte donors from dedicated donation cycles	91	# of dedicated donors, regardless of the number of donations
N° of oocyte donors from spill cycles or leftover from partner procedures	58	# of donors from spill cycles or leftover from partner procedures, regardless of the number of donations
N° of oocyte retrievals intended for dedicated donation	86	# of procedures where at least 1 oocyte was retrieved (regardless the number of recipients)
N° of oocytes donated (dedicated, spill or leftover)	481	# of oocytes
N° of sperm donors	23	# of donors who provided at least one sample during the year
N° of sperm collections	1,954	# of collections, regardless of the number of straws
N° of sperm units cryopreserved	62	# of straws/vials
N° of embryos donated	0	# of embryos donated (superovulatory after partner and non-partner treatments)

DISTRIBUTION AND EXCHANGE (COMMERCIALISATION)	TRANSPORT/DISTRIBUTION				UNITS/EXPLANATIONS
	From another EU countries	To another EU countries	From non-EU countries	To non-EU countries	
# of non-partner gametes/embryos					
N° of oocytes	5,423	0	277	0	# of individual oocytes
N° of sperm units	1,544	0	44	0	# of straws/vials
N° of donated embryos	69	0	0	3	# of individual embryos

MAR with non partner SPERM donation	Treatment type		UNITS/EXPLANATIONS
	IUI	IVF/ICSI	
N° of treatment cycles with donated sperm	93	357	# of cycles, stimulated or non-stimulated, where donated sperm was used
N° of recipients	71	369	# women who underwent at least one cycle involving donated sperm
N° of cryopreserved embryos	3	863	# of embryos from donated sperm
N° of embryo transfers (ET) (fresh or cryo)	0	434	# of procedures involving donated sperm, regardless of the number of embryos transferred
N° of embryos transferred (fresh or cryo)	0	388	# of embryos from donated sperm, transferred

MAR with non partner OOCYTE donation	Treatment type		UNITS/EXPLANATIONS
	IUI	IVF/ICSI	
N° of treatment cycles with donated oocytes	912	0	# of cycles, stimulated or non-stimulated, where donated oocytes were used
N° of recipients	957	0	# women who underwent at least one cycle involving donated oocytes
N° of cryopreserved embryos	1,467	0	# of embryos from donated oocytes
N° of embryo transfers (ET) (fresh or cryo)	1,185	0	# of procedures involving donated oocytes, regardless of the number of embryos transferred
N° of embryos transferred (fresh or cryo)	1,261	0	# of embryos from donated oocytes, transferred

MAR with non partner OOCYTES AND SPERM donation (double donation)	Treatment type		UNITS/EXPLANATIONS
	IUI	IVF/ICSI	
N° of treatment cycles with donated oocytes and sperm	145	0	# of cycles, stimulated or non-stimulated, where donated oocytes and sperm were used
N° of recipients	161	0	# women who underwent at least one cycle involving donated oocytes and sperm
N° of cryopreserved embryos	254	0	# of embryos from donated oocytes and sperm
N° of embryo transfers (ET) (fresh or cryo)	205	0	# of procedures involving donated oocytes and sperm, regardless of the number of embryos transferred
N° of embryos transferred (fresh or cryo)	237	0	# of embryos from donated oocytes and sperm, transferred

MAR with EMBRYO donation (superovulatory from partner or non-partner treatments)	Treatment type		UNITS/EXPLANATIONS
	IUI	IVF/ICSI	
N° of treatment cycles with donated embryos	0	0	# of cycles, stimulated or non-stimulated, where donated superovulatory embryos were used
N° of recipients	0	0	# women who underwent at least one cycle involving donated superovulatory embryos
N° of embryo transfers (ET) (fresh or cryo)	0	0	# of procedures involving donated superovulatory embryos regardless of the number of embryos transferred
N° of embryos transferred (fresh or cryo)	0	0	# of embryos from donated superovulatory embryos, transferred

DELIVERIES AND LIVE BORN CHILDREN (during the reporting year)	Treatment type		UNITS/EXPLANATIONS
	IUI	IVF/ICSI (fresh or cryo)	
N° of deliveries	50	647	# of deliveries, regardless of the number of children born (including stillborn)
N° of live born children	49	647	# of infants with any signs of life

FERTILITY PRESERVATION	Numbers	UNITS/EXPLANATIONS
N° of patients who underwent an oocyte retrieval	633	# of patients who underwent at least one oocyte retrieval procedure, even if no oocytes were cryopreserved
N° of oocyte cryopreservation procedures	628	# of cryopreservation procedures, regardless of the number of oocytes cryopreserved
N° of patients who underwent a sperm collection	1,671	# of patients who underwent at least one sperm collection procedure, regardless of the method used
N° of sperm cryopreservation procedures	879	# of cryopreservation procedures, regardless of the number of straws/vials cryopreserved
N° of embryo cryopreservation procedures	1,839	# of cryopreservation procedures, regardless of the number of embryos cryopreserved
N° of patients who underwent an ovarian tissue collection	0	# of patients who underwent an ovarian tissue collection, regardless of the number of vials cryopreserved
N° of patients who underwent a testicular tissue collection	19	# of patients who underwent a testicular tissue collection, regardless of the number of vials cryopreserved
N° of patients who underwent an ovarian tissue transplantation	0	# of patients who underwent an ovarian tissue transplantation
